

California Right Meds COLLABORATIVE

Spring 2023 Learning Session

Community Pharmacy as Health and Social Services Hubs: Improving Results From Comprehensive Medication Management and Disease Prevention Programs

The California Right Meds Collaborative (CRMC) is a sustainable and scalable value-based medication therapy optimization partnership between the Los Angeles County Department of Public Health, CDC, California Pharmacists Association, health plans (L.A. Care Health Plan, Inland Empire Health Plan, Blue Shield of California, Healthcare In Action), and a curated network of pharmacies that are driving improvement in chronic disease control within local communities. Our annual Spring 2023 Learning Session accelerates the results patients and their families, healthcare payers, physicians, and health systems seek by providing the following:
